COMPANY PROFILE

公司简介

National craftsmen never stop! In 2011, after in-depth market research, the company found that consumers' desire for home decoration is not only a formaldehyde-free home environment, but also a home environment that can support people. In order to achieve or approach this goal, the company has developed products in depth. Through visiting many universities, research institutes and design institutes, we also investigated the abbot of famous temples, home decoration masters, designers, and famous feng shui consultants, and integrated advantageous resources for cooperation!

Simple but not simple! The R&D team of the company, through cooperation with established experts in the polymer field and using modern scientific and technological means, carried out polymer chain modification in high-performance polymer materials, and finally developed a finished product of interior wall top decoration through tens of thousands of substrate experiments.

民族匠人不言止步！2011年，公司通过深入市场调研后发现，消费者对家装的欲求不仅是无甲醛的家居环境、更希望家居环境能够养人。为了达到或者接近这个目标，公司深入研发产品。通过走访诸多高校、研究所、设计院，还调研了名寺住持，家装达人、设计师，知名风水顾问，整合优势资源协作！

简约而不简单！公司研发团队通过与高分子领域建树的专家合作，运用现代科技手段，在高性能的聚合物材料中，进行高分子链的改性，通过上万次的基材实验，终于研发出一款室内墙顶装饰成品化产品。
